

LAND DIVISION & PROPERTY BOUNDARY CHANGE APPLICATION ENSLEY TOWNSHIP

The Michigan Land Division Act requires approval of a division of land before it is sold or transferred. This form details the information required for land division approvals, lot line adjustments, or boundary changes. Also, this form is designed to ensure compliance with all local zoning requirements and all aspects of the Michigan Land Division Act. Additionally, to ensure that local zoning requirements are met and to aid the efficient processing of deeds through the County, property boundary changes or lot line adjustments also require approval. Please read the application thoroughly before completing, and please fill out completely before submission to the Township. No request will be considered unless all the required information is submitted.

Prior to submitting your application, please ensure and submit the following:

1. All land divisions and boundary changes require a stamped survey by a professional surveyor. **Handwritten legal descriptions or sketches drawn on surveys will not be accepted.** (Reviewing proposed divisions and adjustments with the assessing and zoning department are encouraged before hiring a surveyor.)
2. All surveys must be to scale on letter, legal, or 11" by 17" sized paper and must include:
 - a. The date of the survey, a North arrow, and the name of the person or firm responsible for the preparation of the survey.
 - b. Proposed boundary lines, dimensions, and lot size of each new parcel.
 - c. An adequate and accurate legal description of each resulting parcel.
 - d. Location and legal description of existing easements and right-of-ways.
 - e. Any existing structures or improvements (buildings, wells, septic systems, driveways, etc.) and the setback from any new, changed, or prior property line and/or proposed or existing public or private road to the overhang of the structure or improvement.
 - f. The location of ALL natural or man-made water bodies.
 - g. The location of any public or private street, driveway, or utility easement to be located within any resulting parcel. Copies of the instruments describing and granting such easements shall be submitted with the application.
3. Where relevant, provide an accurate history of the property relating to underground storage tanks, dumps, contamination, deed restrictions, easements, etc.
4. All taxes and special assessments are paid. **(The summer and winter taxes on the parent/existing parcels will need to be paid for the year before the split will occur.)**
5. Property owners are strongly urged to have the property perked prior to land division application.
6. In cases where steep grades or wet lands are involved, it is recommended to ensure ability to obtain a driveway permit from the Newaygo County Road Commission.
7. A copy of any transferred division rights, clearly identifying the number of division rights each parcel is to receive. (Form L-4260A must be completed and attached to fulfill this requirement.)
8. The filing fee of \$50.00 plus \$10.00 for each resulting parcel must accompany this application. (i.e. if you create two lots from the parent parcel, the fee is \$70.00.) If an application is filed after the deed has been recorded, the fee will increase to \$100.00 plus \$20.00 per each resulting parcel.
9. After final approval and all conditions are met, a deed will need to be filed with the Newaygo County Register of Deeds office within 120 days which will initiate the split.
